# PROFESSIONAL PHOTOSHOOT

PERSONAL BRANDING

# PERSONAL WEBSITE

# PROFILE VIDEO

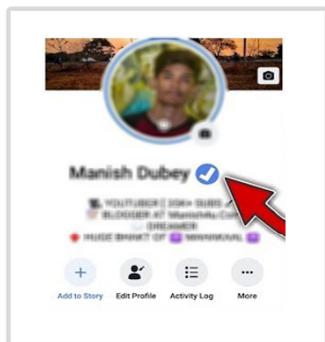

A **profile video** is a short video with a duration of 2 to 3 minutes that gives an overview of your personal brand. It is typically the first video your audience sees on your website, so create a quality video to have the best first impression.

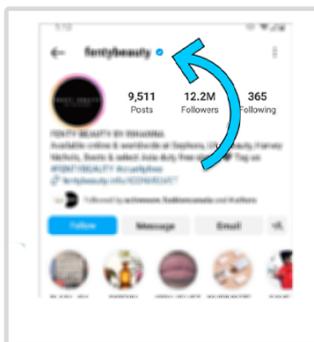

## Verification Badge of Social Media Accounts

A social media tick mark, also known as a blue checkmark or blue tick, is a symbol that indicates an account has been verified by a social media platform:

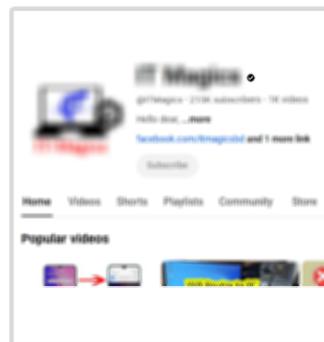

### Facebook

### Instagram

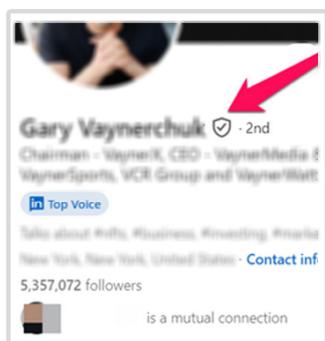

### Youtube

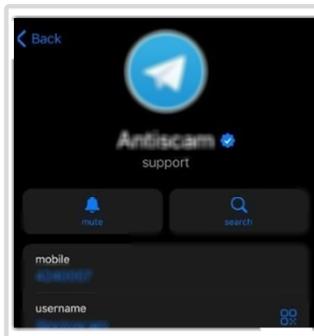

### Twitter (X)

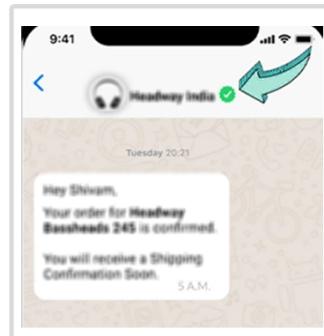

### LinkedIn

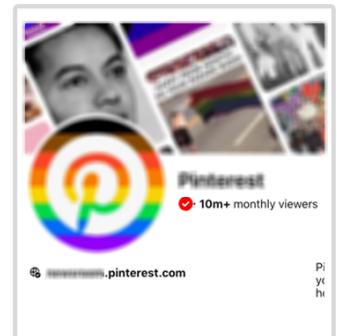

### Telegram

### Whatsapp

### Pinterest

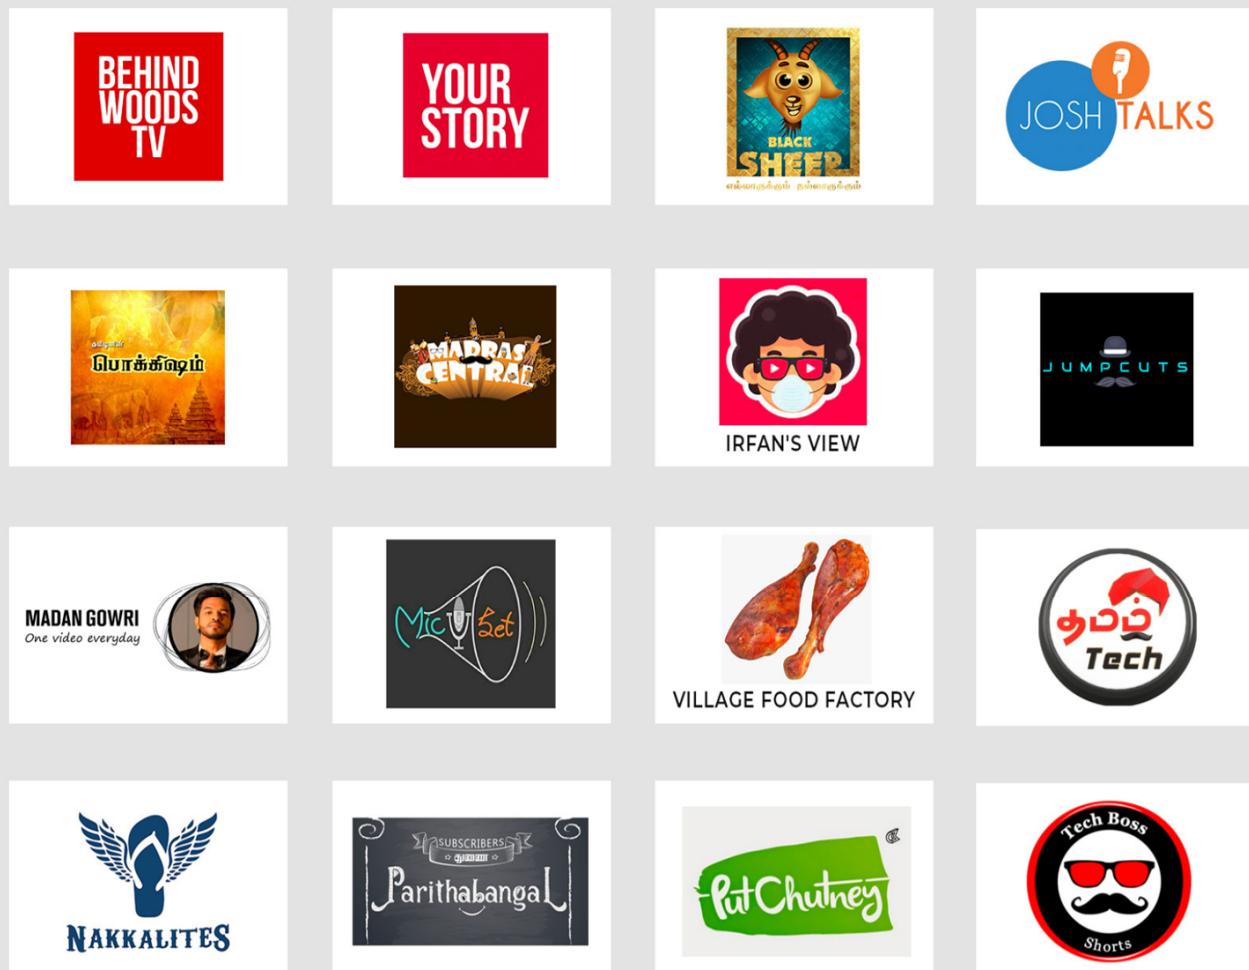

A verified account is a legitimate presence of the person, brand or organization it represents. The blue check mark is a sign of authenticity and status, and is used to help people find the "real deal" when searching for a public figure or brand.

To become a verified profile, you usually need to have a noteworthy and active presence on the platform. This includes creating high-quality content and being consistently active.

## YOUTUBE CHANNEL

PERSONAL BRANDING

An article is a separate section of a document that deals with a single topic. For example, the third article of the U.S. Constitution.

Piece of writing

An article is a piece of writing that is not fiction or poetry and is published in a magazine, newspaper, or journal. Articles can be written about a variety of topics, including current issues or the writer's interests.
